Task – 12

```
my_file = open("30 days 30 hour operations.txt","a")

my_file.write("I have completed 10 days successfully.\n")

my_file.write("Mohit Jani")

my_file.close()
```

output : -

```
I have completed 10 days successfully.
Mohit Jani
```

```
my_file = open("30 days 30 hour operations.txt","r")

#my_file.write("I have completed 10 days successfully.\n")

#my_file.write("Mohit Jani")

A = my_file.read()
print(A)
my_file.close()
```

output : -

```
I have completed 10 days successfully.
Mohit Jani
```
